## FLOATING SUCTION SYSTEM DATASHEET

Client		Unit.	
Location		Order No.	
Request No.		Job No.	
Order No.		Model No.	
Vendor		Quantity	
Vendor Drawing No.			

### GENERAL

1	Item No / Tag No				
2	Location of Tank	<input type="checkbox"/> Above Ground	<input type="checkbox"/> Buried	<input type="checkbox"/> Semi-Buried	
3	Type of Tank	<input type="checkbox"/> Horizontal	<input type="checkbox"/> Vertical	<input type="checkbox"/> Cylindrical	
		<input type="checkbox"/> Atmospheric	<input type="checkbox"/> Pressurized		
4	Tank Dimensions	Diameter	mt.	Height	mt.
5	Tank Roof Type	<input type="checkbox"/> Fixed Roof	<input type="checkbox"/> External Floating Roof	<input type="checkbox"/> Internal Floating Roof	
6	Tank Bottom Type	<input type="checkbox"/> Cone Up Slope :	<input type="checkbox"/> Cone Down Slope :	<input type="checkbox"/> Flat	
7	Roof Structure Details	<input type="checkbox"/> Supported Roof	<input type="checkbox"/> Self-Supporting Roof		
8	Outlet Position	<input type="checkbox"/> Top	<input type="checkbox"/> Center	<input type="checkbox"/> Bottom	<input type="checkbox"/> Shell
9	Floating Roof Material	<input type="checkbox"/> Carbon Steel	<input type="checkbox"/> Stainless Steel	<input type="checkbox"/> Aluminium	<input type="checkbox"/> Other

### DESIGN

10	Outlet Position				
11	Floating Suction Size [inch]				
12	Swing Joint Material				
13	Material Construction of Suction Pipe				
14	Material Construction of Float				
15	Swing Joint Type	<input type="checkbox"/> Bendmaster Type	<input type="checkbox"/> Central Type	<input type="checkbox"/> Un-Central Type	
17	Stud Bolts - Nuts				
18	Floating Suction Nozzle				
19	Minumum/Maximum Suction Level				
20	Fluid (Physical Properties)				
21	Maximum Flow Rate				
22	Product Temperature and Pressure				
23	Bottom Coating				
24	Floating Indication.	<input type="checkbox"/> Yes	<input type="checkbox"/> No		
25	Nylon coated S.S. cable	<input type="checkbox"/> Yes	<input type="checkbox"/> No		
26	Sampling Systems.	<input type="checkbox"/> Yes	<input type="checkbox"/> No
